

We believe we have more to do

Facilitating 'Girls with a Purpose Program' has been a great and rewarding experience. I believe this program should be offered to all girls from 12 – 16 years. Believing that your dreams can come true if you pursue them and that we all have a purpose and destiny in life is very empowering. I thoroughly recommend this program.

We believe in potential

Before the program I was “whatever”. Now I look forward to coming to school and I want to learn and focus on my future. My attitude has definitely changed. Now I like being with people. I’m feeling more confident about me.

I became involved, when I was approached to help, and after I did some research, I thought it was my duty to do whatever I could to help.

Reducing homelessness
Increasing health and wellbeing
Increasing support and mentoring for young people
Creating stronger families

We believe in family

The mums group has helped me realise how far I have come and how grateful I am for what I have. It is good to meet other mums who are there to help each other and just share experiences.
